PLEASE NOTE:

All booth materials must be packed and ready for shipment by 11:00 AM on Sunday, September 14, 2025
Exhibitor is responsible for contacting their carrier.
All carriers must check in by 11:00 AM on Sunday, September 14, 2025.
IMS reserves the right to force and/or re-route any freight not removed from the show floor by
11:00 AM on Sunday, September 14, 2025.

Limits of Liability

1. IMS and its contractors shall not be liable for damage, loss, or delay to uncrated freight improperly packed, glass breakage or concealed damage.
2. Relative to inbound shipments, there may be a lapse of time between the delivery of shipment(s) to the booth by IMS or its contractors and the arrival of the Exhibitor's representative at the booth. Similarly, relative to outgoing shipment(s), it is possible that there will be a lapse of time between the completion of packing and the actual pickup of freight from the booth for loading onto a carrier. It is understood that during such times the shipment(s) will be left in the booth unattended. Therefore, it is agreed that IMS and its contractors are not liable for the loss of, disappearance of, or damage to Exhibitor's freight after the same has been delivered to Exhibitor's booth, nor are IMS and its contractors liable for Exhibitor's freight before it is picked up from the Exhibitor's booth for loading after the show. Consequently, all bills of lading covering outgoing shipment(s) submitted to IMS or its contractors by Exhibitor will be checked at the time of pickup from booth and corrected where discrepancies exist.
3. IMS and its contractors shall not be liable for any damage incurred during the handling of equipment requiring special devices to properly load, place, or reload unless 14 days advance notice has been given to IMS in time to obtain the proper equipment.
4. IMS and its contractors shall not be liable for any loss, delay, or damage due to events beyond their reasonable control which cannot be avoided by the exercise of due care and prudence, including without limitation, strikes, labor disputes, lockouts or work stoppages of any kind, fire, theft, windstorm, water, vandalism, acts of God, mysterious failure of power or utilities, and other events of force majeure.
5. IMS and its contractors shall not be liable for ordinary wear and tear in handling of equipment.
6. It is understood that IMS and its contractors are not insurers. Insurance, if any, shall be obtained by the Exhibitor. Amounts payable by IMS hereunder are based on the scope of the liability as herein set forth and are unrelated to the value of the Exhibitor's property. It is further understood and agreed that IMS and its contractors do not provide for full liability should loss or damage occur. In the event that IMS or its contractors should be found liable for loss or damage to Exhibitor's equipment, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to \$.30 per pound per article, with a maximum liability of \$50.00 per item or \$1,000.00 per shipment, whichever is less, as agreed upon damages and exclusive remedy. Provisions of this paragraph shall apply if loss or damage, regardless of cause or origin, results directly or indirectly to property through performance or non-performance of obligations imposed by the offering of services to Exhibitors, or from negligence, active or otherwise by IMS, its contractors or their employees.
7. IMS and its contractors shall not be liable to any extent whatsoever for indirect, special, incidental, or consequential damages, including, but not limited to delay any actual, potential or assumed loss of profits or revenues, loss of use of equipment or products, or any collateral costs that may result from any loss, injury or damage to Exhibitor's materials or exhibitor personnel which may make it impossible or impractical to exhibit the Exhibitor's materials.
8. Claims for loss or damage must be submitted to IMS by the close of the show. No suite or action shall be brought against IMS or its contractor more than one year after the cause of action accrues.
9. The Exhibitor agrees, in connection with the receipt, handling, temporary storage and reloading of its freight, that IMS and its contractors will provide these services as Exhibitor's agent and not as bailee or shipper. If any employee of IMS or its contractors shall sign a delivery receipt, bill of lading or other document, the parties agree that IMS or its contractors will do so as the Exhibitor's agent, and the Exhibitor accepts the responsibility thereof.
10. IMS and its contractors shall not be liable for shipments received without receipts, freight bills or specified unit counts on receipts or freight bills, such as UPS or van lines. Such shipment will be delivered to booth without guarantee of piece count or condition.
11. Empty container labels will be available at the IMS Service Desk. Affixing the labels is the sole responsibility of the Exhibitor or its representative. It is understood that these labels are used for EMPTY STORAGE ONLY, and IMS and its contractors assume no responsibility or liability for loss or damage to contents while containers are in storage or for mislabeled containers.
12. In order to expedite removal of freight from the show site, IMS shall have the authority to change designated carriers if such carriers do not pick up on time. Where no disposition is made by the Exhibitor, freight will be taken to a warehouse to await exhibitor's shipping instructions, and the exhibitor agrees to be responsible for payment of charges relating to such handling at the warehouse. IMS assumes no liability as a result of such rerouting or handling.
13. The Exhibitor agrees, in the event of a dispute with IMS or its contractors relative to any loss or damage to any of the Exhibitor will not withhold payment in any amount due to IMS for freight handling services or any other services provided by IMS or its contractors as an offset against the amount of the alleged loss or damage. Instead, the Exhibitor agrees to pay IMS prior to the close of the show for all such charges and further agrees that any claim the Exhibitor may have against IMS or its contractors shall be pursued independently by the Exhibitor as a completely separate transaction to be resolved on its own merits.
14. No credit or refund will be issued on any orders cancelled after the advance order deadline date.
15. No credit or refund will be issued close of event.
16. Consignment of shipments to IMS, Inc. and/or acceptance of shipments by IMS, Inc. shall constitute an agreement of all terms & conditions set forth in this manual.

Non Official Contractors' Rules & Regulations

NOTIFICATION DEADLINE DATE: August 15, 2025

IMS has been selected as the Official Service Contractor and must be used for all material handling, furniture rental, signs, rigging, cleaning, and installation and dismantling of decorations.

A NON-OFFICIAL CONTRACTOR IS:

Any individual who is not a full-time permanent employee of an exhibiting firm, who is providing a service to an exhibitor on-site at the convention facility and does not represent one or more of the official contractors.

1. Exhibitors who choose to use a Non-Official Contractor must complete and sign "Intent to Use Non Official Contractor" form. It must be received at IMS no later than the Deadline Date. NO EXTENSIONS OR EXCEPTIONS WILL BE GRANTED AFTER THE OFFICIAL PUBLISHED DEADLINE.
2. The Non-Official Contractor must provide IMS with a copy of valid "Certificate of Insurance." This certificate must be received no later than the deadline date. NO EXTENSIONS OR EXCEPTIONS WILL BE GRANTED AFTER THE OFFICIAL PUBLISHED DEADLINE.
3. Failure to provide IMS with items 1 and/or 2 above will result in said firms being required to hire installation and dismantling labor from IMS. Non-Official Contractors will be able to provide supervision only.
4. Each representative of a Non-Official Contractor must physically pick up, in person, an Exhibitor Crew badge at the Show Office . If a representative of a Non-Official Contractor does not have any identification which verifies his/her employment by a Non-Contractor he/she must be accompanied to the Show Office by a representative who does have verifying identification.
5. These services shall not conflict with existing labor regulations or contracts, and in fulfilling his obligations, the representative of a Non-Official Contractor shall adhere to the regulations set up by the hall and show management regarding entrance and work rules. All representatives of the Non-Official Contractor must obtain an Exhibit Crew badge at the Show Office.
6. The representative of a Non-Official Contractor shall have a true and valid order for service from an Exhibitor in advance of the show move-in date and shall not solicit business on the show floor.
7. The representative of a Non-Official Contractor will share with the Official Service Contractor all reasonable costs related to his operation, including overtime pay for stewards, restoration of exhibit space to its initial condition, etc.

It is the responsibility of the Exhibitor to see that each representative of a Non-Official Contractor abides by the Official Rules and Regulations of this Exposition.

Intent to Use Non Official Contractor (Upload Required)

IMPORTANT: It is the responsibility of each Exhibiting Firm who is utilizing a Non-Official Contractor to complete and return the following forms to IMS no later than **AUGUST 15, 2025**.

- “Intent to Use Non Official Contractor” form, which is located on the bottom of this page.
- Liability “Certificate of Insurance” form which names Inclusive Management Services, Inc. as additionally insured for each Non-Official Contractor firm being utilized. (Note: The exhibitor-appointed contractor must maintain at least \$1 million in Employer’s Liability, General Liability, Automobile Liability and Worker’s Compensation as required in the state the exposition is located.) When submitting your insurance certificate, the name and booth # of your company must be referenced on the certificate or it will be void.

IF BOTH THE “INTENT TO USE NON-OFFICIAL CONTRACTOR” FORM AND “CERTIFICATE OF INSURANCE” ARE NOT SUPPLIED TO IMS BY AUGUST 15, 2025, THEN ANY REPRESENTATIVE OF THE EXHIBITING FIRM OR NON-OFFICIAL CONTRACTOR WILL BE REQUIRED TO ORDER LABOR FROM IMS.

Helpful Reminders on Shipping

- Ship in advance to the warehouse. Ship prepaid and keep an inventory and the tracking numbers of all your shipments.
- Place a rider on your insurance policy from the time your exhibit and product leaves your possession until it's return. Your company is responsible for your exhibit and product.
- Ship your freight and product via common carrier or van line to arrive on your target date. Use two-day air freight if you are on a tight schedule and **DO NOT SEND ANYTHING VIA U.S. MAIL.**
- Be sure to remove old shipping labels before you send anything to the warehouse or to the show site.
- While making your shipping plans for the show, also plan for shipping home after the show is over. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display.
- Take the extra time to ensure that your display and product are packed neatly and securely.
- Provide General Contractor with the Freight Routing Form including the pro#/tracking # in the event your shipment is lost.
- If you ship by way of your own truck or car, it is important to have a delivery ticket prepared indicating the piece count and weight. You are invoiced for material handling based on weight. If no information is available, the weight is estimated by the unloading crew.
- Consolidate as many pieces as possible into one shipment to avoid being billed for several minimum shipments. To reduce material handling costs (Drayage), ship all of your exhibit materials in **ONE** shipment. **Remember, there is a 200 pound minimum charge per shipment.**
- Please be sure to obtain and complete an IMS Bill of Lading. Bills of Lading will be made available at the IMS service center on the final show day. Please be sure to return your completed Bill of Lading and any additional outbound information before you leave the show floor.
- Should you choose to use a carrier other than the official show carrier, please be certain to contact them with any necessary pick-up information. IMS is not responsible for contacting outside carriers for pick-ups.

Common Shipping Mistakes

- Selecting a carrier that does not service trade shows on a regular basis. Unlike other shipments, exhibit material is time-sensitive.
- Old labels left on crates and cartons, which cause confusion.
- Not specifying what type of air freight service is desired, i.e., AM, PM, second day, and deferred service.
- Not requesting insurance for valuable equipment. If a shipment is not marked "insured", it is basically covered for \$.50/lb per shipment.
- Not giving clear instructions on how the freight is to be shipped:
 - A. not advising your carrier about your target date and time.
 - B. not including an accurate description or piece count.
 - C. not reading the exhibitor manual and shipping instructions; and
 - D. not filling out the forms properly.

1. What is the weight of the single heaviest piece that must be lifted?

2. Is there any special handling equipment required to unload your exhibit materials, i.e. extended forklift blades, special slings, lifting bars, etc.?

Material Handling Services

DIRECT/CRATED

Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

SPECIAL HANDLING

Material delivered by the carrier in such a manner that it requires additional handling (Example: stacked shipments, ground unloading, constricted space unloading, etc.) FedEx, UPS, Airbourne/DHL are included in this category due to their delivery procedures. 20% additional charge added to direct/crated price.

UNCRATED

Material that is shipped loose or pad wrapped.

MATERIAL HANDLING & CWT

Charges will be based upon the weight of your inbound shipments, measured in CWT.

CWT, or hundredweight, is a pricing unit used in transportation, equal to 100 lbs.

The minimum weight per shipment is 200 lbs (2 CWT). Anything over will be rounded to the next 100 lbs.

Each shipment received is considered a separate shipment.

All late shipments will incur an additional 30% surcharge in addition to the rates listed below.

Does not include air charges for late freight received at the mainland.

OVERTIME

An overtime surcharge of 25% additional will be incurred for any shipments received or loaded out before 8:00 a.m. or after 4:30 p.m. Monday through Friday and all day Saturday and Sunday

EMPTY CONTAINER LABELS

Empty labels for storage of containers during the show will be available at Exhibitor Services. Affixing the labels is the sole responsibility of the exhibitor or representative. All previous labels should be removed. IMS assumes no liability for errors to the above procedure, removal of containers with the old labels, improper information or valuables stored in containers with old empty labels. Empty crates or containers will not be accessible after removal unless prior arrangements are made for accessible storage at Exhibitor Services.

SPECIAL RATES AND SERVICES

Steel banding is available at \$100 per 4'x4' pallet, and shrink-wrapping is available at \$75 per 4'x4' pallet. Mobile equipment will be moved in and out of the exhibit hall on a time and material basis with a minimum \$250 charge per round trip.

AGREEMENT OF TERMS

The exhibitor accepts responsibility for the payment of charges in connection with the handling of shipments and guarantees payment to IMS for the incurred services described herewith.

Material Handling Services continued on next page

Material Handling Services, continued

OUTBOUND SHIPPING

Each exhibitor or his representative will be expected to label his exhibit materials and furnish shipping information. Labels and Bills of Lading will be available at the Exhibitor Service Center. Previous shipping labels should be removed. IMS accepts no responsibility for misdirected shipments as a result of old shipping labels remaining on containers. IMS will route all shipments unless special advance arrangements are made. Exhibits and materials for which arrangements have not been made with IMS, or which have not been removed from the exhibit area on removal day, will be transported to our warehouse, at an additional charge, to await disposition. IMS reserves the right to route exhibit material via an alternate carrier in the event that the requested carrier fails to pick up the shipment or refuses to accept shipments within five (5) business days following the close of the show. No liability will be assumed by IMS as a result of such re-routing or handling. Any freight brought back to the warehouse for special pick-up will be given an additional charge.

SHIPMENTS RETURNED TO THE WAREHOUSE

At the close of the show, for re-forwarding or storage, there will be an additional charge of \$69.00 per cwt. On straight time, \$138.00 per cwt., with a 500 lb. minimum.

LIMITS OF LIABILITY

All shipments should be insured by the exhibitor from the time they leave his firm until they are returned after the show. All exhibits or materials handled by IMS are insured at a value not to exceed \$0.25 per pound and is not to exceed a maximum of \$50.00 per item or \$1000.00 per claim, whichever is less. However, IMS and its subcontractors are not insurers. The amounts paid to IMS are based on the value of the material handling services and are unrelated to the value of the property being handled.

IMS and its subcontractors shall not be responsible for loss, delay or damage due to strikes, lockouts, work stoppage, fire, theft, windstorm, water, vandalism, acts of God, mysterious disappearances or other causes beyond its control, or for ordinary wear and tear in handling of equipment. IMS and its subcontractors shall not be responsible for the materials after they have been delivered to the booth, or before they have been picked up for loading at the exhibit hall.

IMS shall not be responsible for damage to uncrated materials, materials improperly packed, or concealed damage.

All Bills of Lading covering outgoing shipments, which are given to IMS by exhibitors, will be checked at the time of pickup from the booth and corrections made where discrepancies exist. Furthermore, the exhibitor recognizes there may be a lapse of time between the completion of packing and the actual pickup of materials from the booth for loading onto a carrier, and during such time, the materials will not be under the care or responsibility of IMS. IMS and its subcontractors shall not be liable to any extent whatsoever, potential or assumed loss of profits or revenues for any collateral costs, which may make it impossible or impractical to exhibit same.

Claims for loss or damage, which are not submitted to IMS within thirty (30) days of the close of the show shall be considered waived. No suit or action shall be brought against IMS or its subcontractors more than one year after accrual of the cause or action thereof.

In order to expedite removal of materials from the show site, IMS shall have the authority to change designated carriers, if such carriers do not pick up on time. Where the exhibitor makes no disposition, materials will be either taken to a warehouse to await exhibitor's shipping instructions (in which case extra charges will be the responsibility of the exhibitor) or shipped to the exhibitor's address.

The consignment or delivery of a shipment to IMS or its subcontractors by and exhibitor, or by any shipper on behalf of the exhibitor, shall be construed as an acceptance by such exhibitor (and/or other shipper) of the terms and conditions set forth in the above section.

Special Handling Definitions

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment to unload, sort, and deliver.

What is Ground Loading/Unloading?

Vehicles that are not docked height, preventing the use of loading docks, such as U-Hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not at dock level, etc.

What is Constricted Space Loading/Unloading?

Trailer loaded "high and tight" shipments are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach target freight.

What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit, or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?

Shipments integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?

Alternate Delivery Location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels of the same building or to other buildings in the same facility.

What are Mixed Shipments?

Mixed Shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. IMS defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have "No Documentation"?

Shipments arrive from a small package carrier (including, among others, Federal Express and UPS) without an individual Bill of Lading, requiring additional time, labor, and equipment to process.

What about Carpet Only Shipments?

Shipments that consist of carpet and/or carpet padding only require special handling because of additional labor and equipment to unload.

What is the difference between Crated and Uncrated Shipments?

Crated Shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An Uncrated Shipment is material that is shipped loose or pad wrapped, and/or unskidded without proper lifting bars and hooks.

RECEIVED, subject to individually determined rates or contracts that have been agreed upon in writing between the carrier and shipper, if applicable, otherwise to the rates, classifications and rules that have been established by the carrier and are available to the shipper, on request. Every service to be performed hereunder shall be subject to all terms and conditions of the uniform bill of lading set forth in the National Motor Freight Classification. The shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns. See Item 780-1 of ABF 111 rules for general liability limitations and for additional coverage available at additional expense.

This is to certify that the above-named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation, according to the applicable regulations of the Department of Transportation. Additionally, by signature on this bill of lading, Shipper authorizes consent to the Transportation Security Administration (TSA) to screen the shipment when transportation of the shipment requires movement via an air carrier.

Limits of Liability & Responsibility for Labor

1. Inclusive Management Services, Inc. (IMS) and its subcontractors shall not be responsible for loss, delay or damage due to strikes, lockouts or work stoppages of any kind.
2. Inclusive Management Services, Inc. (IMS) and its subcontractors shall not be responsible for loss, injury or damage caused by laborers or equipment furnished by Inclusive Management Services, Inc or its subcontractors, except when such laborers are working or operating equipment under direct supervision of a supervisor designated by Inclusive Management Services, IMS or its subcontractor.
3. Inclusive Management Services, Inc. (IMS) and its subcontractors shall not be liable to any extent whatsoever for any actual, potential, or assumed loss of profits or revenues, or for any collateral costs, which may result from any loss, injury or damage to an exhibitor's material or exhibitor personnel, which may make it impossible or impractical to exhibit exhibitor's materials.
4. Claims for loss, injury or damage which are not submitted to Inclusive Management Services, Inc., (IMS) within thirty (30) days of the close of the show on which the loss, injury or damage occurred shall be considered waived. No suit or action shall be brought against Inclusive Management Services, Inc. (IMS) or its subcontractor more than one year after the accrual of the cause of action.
5. Inclusive Management Services, Inc. (IMS) will not be responsible for improper packing of exhibitor material and products or incorrect labeling if working under the supervision of the exhibitor.
6. Inclusive Management Services, Inc. (IMS) will not be responsible for improperly packed or concealed damages to exhibits.
7. The placing of an order for the services or laborers and the use of equipment by an exhibitor, or any agent of the exhibitor shall be construed as an acceptance by such exhibitor or agent of terms and conditions set forth in Section 1 through 5 above.

Preferred Format(s) for Incoming Graphics

LOGOS

Vector-based files always work best to create large-format graphics and signage.

FILE FORMAT

Graphics supplied by client should be PDF files distilled at high resolution with fonts and graphics embedded as each individual graphic **MUST** be scaled to proper size and dimension for final output/printing. Other file formats accepted are AI, PSD, EPS, and TIFF. Although there are many graphic file formats to choose from, it is safest when printing to a PostScript device to use EPS for vector graphics and TIFF for raster/bitmap graphics. Vector graphics are object-oriented files which contain drawing instructions and are used by applications such as Illustrator or Freehand (99.9% of logos fall into the "Vector" category). Fonts in these EPS files should be converted to "create outlines" or "convert to paths", which will eliminate the need to download the fonts for outputting. Raster graphics are bitmapped files such as scans or screen shots. For TIFF files, be sure to have the correct amount of data in the file for the line screen which will be printed. Use an image-editing program such as Photoshop or Live Picture for TIFF files. Allow bleed for all graphics.

RESOLUTION

Ensure graphics are high-resolution (300 DPI) for print quality. Minimum resolution of 100 dpi at final output size is required. Internet Graphics downloaded or saved from Web pages are not acceptable for print products. These graphics have low resolution images (usually 72 PPI), which are fine for screen display, but far below acceptable quality standards for print.

COLOR

All work submitted for digital color should be in the CMYK (Cyan/Magenta/Yellow/Black) mode. Authors must ensure that color saturation-color balance is correct before sending files. If an RGB (Red/Green/Blue) file is submitted, dramatic color shifts can occur when we convert to CMYK. Be aware that most desktop scanners, digital cameras, and video capture systems save files as RGB so it will be necessary for you to convert to CMYK. Please consult your software manual for details. If your logo or graphics use Pantone colors, include the PMS color information.

FONTS

Include your screen and printer fonts when sending PC files. All fonts used must be postscript fonts. True Type fonts are not acceptable in a postscript environment. As a rule, always convert text to curves to eliminate font issues. If True Type fonts are used, they must be converted into pixels or outlines and saved as an EPS or TIFF.

SIZE

Ensure your graphics are submitted in the correct dimensions and proportions. Include a sufficient amount of bleed. A bleed of .25" should suffice for nearly all applications.

PROOF

Always supply a hard copy of the digital image being submitted. This allows us to double-check the image.

Please submit materials on time. If materials arrive less than **three weeks** prior to the event move-in date, we may not have enough time to notify you about problems and your graphic may be printed incorrectly. If you have any questions, please call and ask. If a graphic does not meet the required specifications, the graphic may not appear as you expect it.
